WELCOME to a GREAT start for all current & new MBPA members!!

I am overwhelmed at the community spirit shown by Main Beach resident's & traders with a dramatic increase in membership for this year, which reflects the credibility the MBPA has earned for almost 50 years & the new outlook we are aiming for this year. It is with great pleasure that I can be involved & try to add value to the exceptional standard set by previous Presidents & Committees.

I feel that there are two important aspects I must respect as President of the MBPA - the most important - **LISTEN** to our Members & secondly - to work as a **TEAM** - as a Committee, as an Association & as a unique village community.

Please **CONTACT** us if there is an area issue that needs to be addressed, **CONTACT** us with your views on current issues. We **NEED** your comments, support & feedback. **Email, write or call anytime!**

Look forward to a positive, challenging year with many achievements in 2007!
